

REPORT ON PROJECT “SAHAI”

Date: 29th September, 2021

The Report on the our project “SAHAI” for the victims of Boat Tragedy of Nimati ghat on 8th September, 2021, the Biggest Boat Accident at Nimati Ghat of Jorhat District of Assam where more than 140 people were effected out of which officially 88 persons were recovered and 3 dead bodies were recovered. But, still there are many missing cases but unofficially. We have talked with some of the Nimati victims, were found to be in a TRAUMA of the incident. They are still to be normal in their life.

The report on the “project SOHAI”-a project for supporting by Mental Help through Clinical, Psychological counseling to the Victims of Majuli for Nimati Tragedy on 8th September, 2021.

We moved from Guwahati on 19th September, evening and booked the Ferry from Nimati Ghat to Majuli on 20th Sept, morning. Since the communication to Majuli was interrupted due to the accident. All Single engine boats are been stopped only two Government Ferris were for the inland water communication, therefore, there were rush for tickets. People were making the lines for ticket from early 3.00 Am morning. These all are covered in the news papers and channels. We knew the situation; therefore, we communicated the system and took the help of a Reported to get our tickets.

When we reach Kamalabari Ghat, directly we went to the DC office for the Final communication regarding our Program. Mate the ADC Mr. Bipul Das. But, after some communication we came to know that the administration is not interested on the entire subject i.e. Nimati Accident. As all the news channels were covering against the administration regarding non action to the Nimati Victims.

Once, we got the instinct, we informed our MOTO, and argued that we are not here to take permission, we are here to compare the exact final List of the victims that we have with us to confirm the actual status. We told that we are here to support and heal the Victim’s Mental Health not for any kind of Business. As I told that whole media of Majuli is with us for the cause. So, even if you not permit us for the Project we will do it on our own. After this argument, the ADC and DC might had their views, then after 45 minutes they call us again and gave us the entire List of 91 victims in printed format and informed, assured us for any kind of support.

We tried to call all 88 victims that we had in the list informing about the 3 days Mental Health support program at Garmur Press Club. Majuli (three are Dead)

Fortunately, all victims agreed and were excited about the health Camp. Confessed their pain that they had for the accident. We found maximum who were in a Trauma.

We opened our “Mental Health Treatment Camp” SAHAI at 11.00 AM to 2.00 PM. every Day. Where Psychiatrist Dr. Siddhart Sahu, Clinical Psychologist Ms. Himashree Chaudhuri and Psychotherapist Ms. Neena Sharma, Counseled and advised the victims. Some are been prescribed medicines to recover from their Trauma. Our Team members communicated the victims for the mind relaxation.

Out of 88 victims 3 were not in the condition to reach out our camp. We went to their house to treat them along with the Clinical team. (Mamoni Phukan and Priyanka Phukan of Bhakat Chapori a very remote place of Kamalabari, Half way by car and half way on foot. Rakhi Bora Hazarika of Bongaon)

Our Findings:

1. Fear and shock during their sleep.
2. Always feel that they are still in water.
3. Remember the incident and shivering occurs.
4. Cannot concentrate at their daily work.
5. Head ache.
6. Gets angry if somebody asks about the incident.
7. Restless.
8. Appetite problem.
9. Frequently falls in to excessive heat beat.
10. Stress.
11. Emotional Stress.
12. Fear of Water.
13. Always dreams about the accident while sleep.
14. Flashback problem.
15. Depression.
16. Loss of Properties (Bike, Business Goods, etc)
17. Loss of Finance.
18. Not Getting Support from Administration or Govt.

The views of the Victims:

>> “I cannot sleep at night. As soon as I lie down I feel like drowning in the water and feel difficult to breathe. This is happening last 13 days. Even in the day time also, I cannot sleep. I am tired of fear, please, help me. I want to sleep. Please, give me medicine.”

>> “Please! I do not want to remember the incident. It hurts me a lot, I lost my byke, the only support of my family for our all communication for our small business and lively hood. Since, 8th of September, No body from the Government tried to help us, but they called us for all details at DC office.”

>> “I was with my kid, we all were drowning. One person saved us. I cannot still believe that I am alive with my only child. Now, when I sleep, in the mid night I get frightened always and wake up to search my child whether he is near me or not.”

>> “I got back pain along with my hand pain. I got stuck in the railing near the exit under water. I was about to die. I lost all hope. But, the boy, I do not know how he brought me up and saved my life. Yes, Puclu Tide, the boy, I came to know later by others.”

>> “First time, when I came out from the boat and jumped to other one, I did not think that the previous boat will be turned upside down. As soon as I reached the other boat, I saw one by one all bykes and goods along with people drowning in the water. First I could not think what will I do. Unknowingly, I jumped and first I searched my mother, then one by one I saved 5 people.”

>> “We are happy, that you are here to help us. We thank God. There are so many NGO’s, even Government, DC office. But, no body tried to even ask what we felt or how we are feeling. At least, from this program we got a department at our Hospital.”

>> “When I jumped in to the water, I was not in the condition to think what will I do, I just jumped. I even forgot that I cannot swim. The best thing I did I threw my bag. My whole earning of my life. But, how I do not know, Thank God, I am alive. I lost my valuables, I lost my Ethnic Cloths which worth about 3,00,000/- the only business for our survival. May be the water, I got skin diseases, now I have chest pain and breathing problem too. I went to Dibrugarh Medical for Checkup, but still I am not well. Please, help.”

>> “Me and my wife both were in the boat that day. With the help of others we saved us. But, the fear of water, we cannot say that. Even in the day time we dream about the incident. She has stopped taking food for the shock. Any time she stays in a depression, never wants to talk with others. Stays silent. I do not know what to do.”

The entire camp was covered by media.

I am thankful to Lily Madam, for keeping the faith on me for the cause and taking all the pain to collect the Major Fund for the entire project "SAHAI". I tried my best to make the project successful and make out the most result from the money.

Here, I am showing the names of the Donors, the Fund Collected and Fund Position.

THE LIST OF KIND HEARTED DONORS

1	Ms. Lily Chawang & Mr. John Zeliang
2	Mr. Shyam Sunder
3	Mr. Abhishek Khokhar
4	Mr. Firoze Dotiwala
5	Mr. Sandeep Chawla
6	Ms. Gitika Walia
7	CENTURY BUSINESS PVT. LTD
8	Mr. VICTOR RAJKUMAR
9	Mr. RUDRA PRASAD HAZARIKA
10	Ms. RAJLAXMI RAJASHREE
11	Mr. HIRAK DAS

As soon as we receive the links of Other channels like :

News Live, Time 8, News 18, Pratidin Time, ND24, Ishan News, Assam Talks, etc....

We will provide.

The journey of the entire project was very challenging and exciting. We team Pathik tried to stand up to our effort and tried to fulfill our target.

I heartily thank all the donors that kept us live for the service to the Majuli Victims of Nimati ghat Accident. It is unfortunate and we can be the proud organization to say that there are 37 NGOs at Majuli, neither one nor the Administration went near the victims even to ask how they are ? That the victims expressed in front of the media.

Now, we are communicating with some of the National media persons to report the financial problem of the Victims that they had lost on the accident so that they find some concern from the Government or other persons for their Lively Hood. We also, are trying to make a report on their loss of properties or belongings so that we can submit to the concern MLA for any kind of help for their livelihood.

Your positive response to our cause and your kindness made the humanity proud.

We did small, but we put a drop of life to their palm and made them smile.

We hope the same effort and support to our future works.

Thank you very much once again.

[N.B.: We are fortunate that Directorate of Health Services, Assam had assigned a permanent Psychiatrist, a Clinical Psychologists and a Psychology Counselor for the District Hospital as *District Mental Health Program (DMHP)* of Majuli which is situated at Garmur after our Project "SAHAJ" which was missing in the district Hospital. Which was informed to me by an official letter to PATHIK by Addl. Director of Health Services (H), Dr. L. Lalsim. Now all will be available at Majuli. This News was also provided to the public of Majuli during our program.]

With Regards,

Victor Rajkumar

Executive Director
